Objectives

I want to be a patient and devoted 8 – 12th grade mathematics teacher, and in the near future, to utilize the Mobile Technology to facilitate teaching and learning, while maintaining relationships with the students as human beings.

Education

The University of Delaware

Bachelor of Science Degree in Computer and Information Sciences, June of 1995

The University of Texas, El Paso

Master of Art Degree in Linguistics, July of 1989

Experience

The Chinese American Community Center | Hochessin, Delaware

12th Grade Chinese Language teacher *from: August 1995 – October 1996*

- Chinese language instructions to the 12th Grade class and the Adult class

The Inteplast Group | 101 Inteplast Blvd., Lolita, Texas

Performance Analyst *from: November 1996 -- November 2008*

- Analysis of cost-effectiveness of productions of additive-loaded plastics pellets as semi-finished goods, for the production of finished goods, such as plastic bags, molded parts, profile-boards, etc.

The Victoria West High School | 304 West Tropical Dr., Victoria, Tx 77904

Math teacher for Algebra 1 and Pre-calculus classes *from: August 2012 – June 2014*

- Plan and instruct Algebra 1 and Pre-calculus classes. Perform other responsibilities assigned to a classroom teacher. Perform tutoring in afterschool and Saturday school.

SKILLS

- Conduct employee ISO quality standard audit training in small group (3 to 5 people) and medium size group (up to 20 people) settings.
- Introduce the Chinese culture and languages to local schools.
- Conduct excellence level Chinese language instructions (please visit my website: MATHisacommonLANGUAGE.com)
- Utilize website technology to facilitate teaching and learning.
